FALL SEMESTER 2010 - CLINICAL COURSES

Many clinics require concurrent or prior enrollment in a substantive course, as indicated below. Clinics are graded "honors/pass/no credit/fail," except for separate seminars and Federal Defender Clinic which are graded. Much of the work on cases is completed as the student's schedule permits during Clinic office hours.

FALL SEMESTER 2010 - FIELD PLACEMENT PROGRAM

FIELD PLACEMENT PROGRAM

There are approximately 100 field placement sites (listed in the Directory of Field Placements and on the McGeorge/Field Placement website). In broad terms, there are placements available in the following areas: administrative law, business and tax, criminal justice, environmental law, general civil, health law, judicial clerkships, public interest, government practice, and legislative process. A special externship fitting your interests can also be arranged if it meets criteria approved by the Field Placement office and the Associate Dean for Academic Affairs.

To obtain a field placement, review your options and then contact the Field Placement Office (located in the Northwest Hall, or email Rose Mapu, rmapu@pacific.edu) to schedule a pre-placement interview. After the interview, your resume will be sent to the placements selected, and you will be contacted by some of those placements to set up a personal interview. When an externship offer has been made and you have accepted, return to the Field Placement Office to complete a Course Enrollment form to be approved by the Field Placement Director, Colleen Truden.

FALL SEMESTER 2010-GRADUATE COURSES

LL.M. IN EXPERIENTIAL LAW TEACHING

The following are required and elective courses offered this semester for this program, but students should consult with the Director of the Advocacy program to develop their schedules. Students who have taken one or more of the required courses or their equivalents as part of their legal training, will select other appropriate courses in consultation with the Director of Advocacy program.

Note that for clinical education the students will probably not qualify for student practice certification. Rather than acting as student practitioners or as teachers they will shadow clinical students and teachers in order to learn both about clinical practice and about how U.S. faculty teach clinical students.
