SYMPOSIUMS

Ethical Pricing Decision in Healthcare

8:30AM - 3:00PM | S4-5

McGeorge School of Law presents a special symposium on Ethical Pricing Decisions in Healthcare on Friday, September 25 in Seminar Rooms 4&5.

The Affordable Care Act was focused primarily upon expanding access to health care by extending insurance coverage to the uninsured. That coverage was made more affordable by creating more competitive insurance markets and by significantly expanding government subsidies. However, the Act did little to address the underlying costs of health care. This symposium will shine a spotlight on how pricing decisions are made in the healthcare industry, the changing market conditions that influence pricing decisions, and whether those decisions can be made more equitably and ethically. The focus will be particularly upon pricing decisions for hospital services and for pharmaceuticals. SEATING IS LIMITED:

RSVP today to mcgeorgeevents@pacific.edu or 916.739.7138.
