ABOUT THE MSL PROGRAM
McGeorge School of Law offers the Master of Science in Law (MSL) to working professionals who seek the benefits of advanced training in legal reasoning and analysis but who do not require the JD degree for their career plans. In today’s economy with so many highly regulated industries, state and federal agencies, and other professional fields impacted by law, professionals deal with law-related issues every day. Our MSL program is designed to help professionals gain and apply the legal skills they need.
